

Five Days Workshop on Strategic Leadership

You are the architect of your destiny!

Background:

In the midst of a rapidly changing environment, organizations have started to recognize the immediate need to focus company resources on the development of a new generation of leaders both for company assets recently acquired and those expanding internally as well as for future expansion and long-term success. Leaner, flatter organizations have shown that leadership is not restricted to executive suites and boardrooms; rather it is a shared phenomenon throughout the organization.

With this reality in mind, ABCD Consultants has decided to conduct a five day training workshop on Strategic Leadership aimed at providing the participants with skills to recognize the traits and styles of leaders sharpen existing skills and master new strengths.

Benefits:

This training will help you to:

- Lead a winning team, department or organization
- Understand the difference between managers and leaders
- Empower others to deliver results
- Identify appropriate leadership styles for your organization
- Identify and prepare for the business challenges faced by leaders today

Who should attend?

Project team leaders, senior and mid-level managers, owner managers, consultants, mentors, coaches, and training specialists who intend to enhance their knowledge in this area and develop their leadership skills.

Course contents:

This training covers:

- The definition of leadership
- Why traditional methods of managing are no longer effective
- Characteristics of a successful leader
- Soft skills needed by effective leaders
- Understanding what others seek in their leaders
- Developing the ability to inspire and motivate
- Reasons why leaders fail
- Changing the organizational culture through leadership action
- Designing a personal leadership development plan

Trainer:

ABCD Consultants is proud to have qualified trainers on its team who can ensure your success using their skills and knowledge as well as the well equipped training environment and materials. The trainer assigned to this training is an MBA holder with extensive experience in conducting and managing training workshops on Leadership and several other subjects in the field of management.

Course Fee:

ABCD Consultants will only charge tuition fee for the program which is set at **\$1000** per participant. This includes provision of Participant Visa, Course Materials, Certificate, Lunch and Refreshments.

Travel and Lodging:

In order to facilitate its clients, ABCD Consultants will arrange participant visas. Travel and accommodation requirements are to be arranged by the participants.
